Youth Development Framework

Our organization aims to reach out and help youths from all backgrounds grow and develop through outdoor adventure. Guiding us towards this vision and our mission of Inspiring Aspirations are our core values, principle and methodology. With these in mind, we strive to continually develop youths - both our participants and our own pool of instructors.

Our Vision

GLOBAL YOUTH DEVELOPMENT PLATFORM

To be the springboard for youth development globally

Our Mission

INSPIRING ASPIRATIONS

Inspiring youths to fulfill their potential

Our Values

FUN A fun environment makes learning more engaging and enjoyable

OPEN An open culture that promotes the exchange of ideas, feedback and learning

CHALLENGE No Challenge, No Growth'. We believe that learning in the stretch-zone opens greater growth opportunities

UNDERSTANDING No Challenge, No Growth'. We believe that learning in the stretch-zone opens greater growth opportunities

SAFETY CAMP CHALLENGE's top priority. Our equipment and procedures adhere strictly to International Safety standards

The C.E.L.L. Principle

The C.E.L.L. Principle includes encouraging youths to be a responsible member of the global society (**Citizenship**), embodying the spirit of innovation (**Entrepreneurship**) and finally, inspiring and enabling others to act for the greater good (**Leadership**). Together, these qualities help us to leave a **Legacy** for the greater good.

The C.A.M.P. Methodology

The C.A.M.P Model is an adaptation of the widely used Experiential Learning Cycle, made famous by David Kolb. It was developed into our methodology to ensure that youths of all ages, from young children to tertiary students, are able to understand it easily.

Upon experiencing **CHANGES**, learn to **ADAPT** to them and **MASTER** the learning points by reflecting on the experience, then apply the knowledge by **PLANNING** for the future with them in mind.
